

Grant All-Detail Report Accelerated Implementation Grant 2016

Grant Title - Campus Groundwater Conservation Planning Initiative **Grant ID -** C16-7881

Organization - Area 4 - Metropolitan SWCDs Technical Service Area

Original Awarded Amount	\$200,000.00	Grant Execution Date	3/16/2016
Required Match Amount	\$50,000.00	Original Grant End Date	12/31/2018
Required Match %	25%	Grant Day To Day Contact	Troy Kuphal
Current Awarded Amount	\$200,000.00	Current End Date	12/31/2018

Budget Summary

	Budgeted	Spent	Balance Remaining*
Total Grant Amount	\$200,000.00	\$127,356.10	\$72,643.90
Total Match Amount	\$50,000.00	\$34,963.02	\$15,036.98
Total Other Funds	\$0.00	\$0.00	\$0.00
Total	\$250,000.00	\$162,319.12	\$87,680.88

^{*}Grant balance remaining is the difference between the Awarded Amount and the Spent Amount. Other values compare budgeted and spent amounts.

Grant Activity

Grant Activity - Administration

Description

Introduction:

This project will design and apply a systematic approach to identify and rank groundwater conservation BMPs in terms of cost-effectiveness on large-acreage, public campuses (e.g. public schools, hospitals, and government facilities). These areas are targeted due to their educational benefits, likelihood of stakeholder buy in and implementation, magnitude of potential impact, and opportunity for school district-wide implementation. In concept, it is similar to home energy use audits or the Minnesota Technical Assistance Program (MnTAP) designed to help identify and implement opportunities for conservation and efficiency.

Grant Administration and Reporting:

- Required eLINK reporting (e.g. activity progress updates and budget updates)
- Coordination of expense reports and payments, and project hours tracking

Staff:

Anoka Conservation District is hosting this project for the eleven county Metro Conservation Districts.

Scott Soil and Water Conservation District is the fiscal agent for the project and will see to managing the financials. ACD will complete eLINK reporting in cooperation with Scott SWCD.

Chris Lord – ACD Dist. Mgr. – BS BS Nat. Res. & Env. Sci. with 25 yrs in project and grant management, workload and budget planning, human resource management, risk management, contract management, BMP design and installation, ecological restoration, resource monitoring and inventory, data analysis; all of which covering myriad natural resources fields

Kathy Berkness – ACD Office Admin. – 30+ yrs managing finances, administering programs, completing progress and final project reports, website development and management, and general office administration

	2019 Q1 - Q4 - Grant reporting in eLINK, budge	et management, and bookkeeping.		

Grant Activity - Project Development

Description

Project Development:

- Refining project elements (narratives, deliverables, timelines and measures) throughout project
- Engaging taskforce, stakeholders and partners organizing meetings, providing progress reports and seeking input– throughout project
- Coordinate communications between MCD members, BWSR BC, host and fiscal agent staff and boards, and taskforce participants that are not attributable to the planning and assessment activities throughout project Staff:

ACD, as host district will see to all aspects of this activity.

Chris Lord – Dist. Mgr. – BS BS Nat. Res. & Env. Sci. with 25 yrs professional experience.

Mitch Haustein – Cons. Spec. – BA Bio., MS Ecology, Evolution and Behavior with 4 yrs in shallow lakes monitoring and analysis; 2 yrs developing and implementing resources monitoring plans and protocols; 3 yrs conducting GIS intensive resource inventories, completing watershed and catchment level analysis and BMP selection and modeling utilizing WinSLAMM, P8, and pollutant reduction calculators; 2 yrs with site analysis and BMP planning and construction management on both public and private properties.

PROJECT DEVELOPMENT

1-May-16

End Date

Yes

2016 Progress reports and communication with stakeholders, partners and task force. Kick off meeting with level 1 participants on 6/1/16 at ACD Office. This meeting provided a review of the project and facilitated identification of sectors to be represented on the task force.

2017 1st and 2nd Qtr Engaging task force members and SWCD partners. Organizing task force meetings and providing progress reports.

2017 3rd and 4th Qtr Engaging task force members and SWCD partners. Organizing task force meetings and providing progress reports.

2018:Engaging SWCD partners and providing progress reports.

2019 Q1 - Q4 - Engaging partners, providing progress reports, and refining elements throughout the project.

Page 6 of 15

Grant Activity - Supplies				
Description	Equipment and Supplies: These funds are intended to cover the cost of incidental expenses such as mileage, supplies, facilities rental, and printing. This will largely be for engaging the taskforce and providing the training and training materials.			
Category	PLANNING AND ASSESSMENT			
Start Date	5-Dec-16 End Date			
Has Rates and Hours? Actual Results	No 2017 1st and 2nd Qtr Meeting supplies - large format post-it notes for interactive task force meeting facilitation. 2018 1st and 2nd Qtr On-site data collection supplies - flow bags and stop watches. 2018 3rd and 4th Qtr - Water pressure gauge			
	2019 Q1 - Q4 - No activity.			

Grant Activity - Water conservation campus program design and production

Description

Program Design and Production:

During the first year of this project a taskforce will be assembled to aid in the compilation of the methodology, protocols and training modules to be used in the planning and design phase, which will occur in the second year.

- Establish multi-disciplinary stakeholder taskforce to assist with planning protocol, instructional and promotional literature, and database and metrics for monitoring and reporting April 2016
- Refined protocol adapted from MnTAP or other suitable protocol similar to home energy audits provided to all Members, which will ultimately be available for SWCDs statewide May 2016-October 2016
- Report describing application of protocol Nov. 2016
- Training for Member staff on the application of the protocol and reporting metrics Dec. 2016
- School facilities manager training module development Jan-Feb 2017
- Refine planning and design protocol based on planning experience Oct. 2017

Staff:

Six of the districts have expressed interest in participating in the compilation of the methodology, protocols and training modules. Workload probably won't warrant participation by that many however. Precisely which districts participate will be determine when the taskforce is established.

Chris Lord - Dist. Mgr. - BS BS Nat. Res. & Env. Sci. with 25 yrs professional experience.

Mitch Haustein – Cons. Spec. – BA Bio., MS Ecology, Evolution and Behavior with 12 yrs professional and academic experience.

At the time of work plan preparation ACD was actively recruiting to fill a position for advanced GIS and water modeling. The New Hire is anticipated to play a significant, yet supervised role in this project.

PLANNING AND ASSESSMENT

2-May-16 End Date

Yes

2016 Establishment of task force: The task force is comprised of six Level 1 SWCD members (Anoka, Isanti, Ramsey, Scott, Sherburne, and Washington) and seven non-SWCD members from a variety of sectors (City of Woodbury water supply, MNDNR, Washington County groundwater management, Scott County facilities manager, MnTAP, Metropolitan Council, and Anoka-Hennepin School District site and ground supervisor). Conducted research of existing protocols and BMPs for development of CGCP audit process

2017 1st and 2nd Qtr First task force meeting focused on introducing the goals of the CGCP initiative and gathering initial considerations from the members. Developed a detailed outline for the CGCP process. Second task force meeting focused on the main categories of the outline. Review of existing protocols. Detailed review of benefits calculators.

2017 3rd and 4th Qtr Meetings with facilities managers and utilities managers for comments on CGCP protocol. Developed forms for data collection. Selection of calculators for estimating current water use and potential reductions. Level 1 SWCD member meeting to review data collection forms, calculators, and protocol steps. Development of protocol document for implementation. Development of campus outreach materials and protocol appendices.

2018 1st and 2nd Qtr Pilot study to test and refine protocol. Trainings for SWCD staff that will implement the protocol.

2018 Q3/Q4 Continued support provided to Level 2 SWCD staff for protocol implementation. Refinements to protocol.

2019 Q1 - Q4 - Support provided to Level 2 staff for protocol implementation and report completion. Refinements to protocol.

Report created on: 1/31/20 Page 10 of 15

Grant Activity - Water conservation program implementation

Description

Conservation Planning and Design:

Tools used to assess and rank conservation activities will include existing planning protocols, a literature review on benefits of adopting new practices, modeled water quality and quantity benefits, cost benefit analyses of potential practices, and Geographic Information System (GIS) technologies. More specifically, GIS will be used for automated watershed delineation, identification of areas with high infiltration and aquifer recharge potential, and incorporation of hydrogeologic atlas results from counties with completed geologic atlases.

- Campus identification and recruitment to participate Jan-Feb 2017
- Following training provided through this program, participating MCD members will complete up to 11 campus groundwater conservation plans (ideally one for each county) that identify project opportunities in terms of cost-effectiveness to improve efficiencies in use, increase infiltration of precipitation, and capture and reuse stormwater March-Sept 2017
- Participating members will work closely with ACD staff throughout the process to ensure protocols (and improvements thereon) are followed for quality control purposes March-Sept 2017
- Training for school district facilities managers on conservation BMP implementation provided by ACD staff with help from taskforce members Oct. 2017
- Compile findings into a comprehensive report Nov Dec 2017
 Staff:

All districts have expressed interest in completing campus groundwater conservation plan designs.

Chris Lord – ACD Dist. Mgr. – BS BS Nat. Res. & Env. Sci. with 25 yrs professional experience.

Mitch Haustein – ACD Cons. Spec. – BA Bio., MS Ecology, Evolution and Behavior with 12 yrs professional and academic experience.

At the time of work plan preparation ACD was actively recruiting to fill a position for advanced GIS and water modeling. The New Hire is anticipated to play a significant, yet supervised role in this project.
